**PLEASE NOTE: A MAXIMUM OF 2 TEAMS PER SCHOOL WILL BE ACCEPTED INTO THE 2016 COMPETITION.**

**CERTIFICATION FOR ENTRANT (Please print, fill in and sign Page 2)**

MUST BE COMPLETED BY **PRINCIPAL OR CHIEF ADMINISTRATOR** AUTHORIZED TO SIGN OFF ON BEHALF OF SCHOOL.

**I, the Principal or Chief Administrator** for the school listed on page 1 of this document, certify/agree to the following:

1. All listed team members are students of the above named school (“the school” or “Entrant”) and all required Release & Consent Waiver Forms have been attached.
2. A parent/guardian, or a designated faculty representative, will accompany participating students to the event and be responsible for all expenses associated with the student’s participation.
3. **Entrant acknowledges that as part of my school’s participation in the event, the school will be receiving approximately \$500 in hardware/software. Entrant agrees that if school fails to participate in its scheduled regional competition, Entrant will return the donated equipment to the Institute in original condition, or reimburse the cost of equipment to the Doolittle Institute, within 14 days of the regional competition.**
4. Should Entrant place first or second in their regional competition, it is expected that the Entrant’s team will travel to compete in the national competition (May 2016, Tampa, Florida) for which each Entrant located more than 100 miles from the National Competition site shall receive a grant for reasonable travel expenses. If qualifying Entrants are not able to participate in the national competition for any reason, Entrant agrees to notify competition management within seven days following Entrant’s regional competition so that the opportunity can be extended to another team. Failure to do so will result in Entrant being disqualified from future competitions.
5. I acknowledge and understand that each of Entrant’s participants has read about and accepted the risks inherent in participating in the competition events under the Consent & Release Form.

**PRINCIPAL’S Signature:** \_\_\_\_\_

**PRINCIPAL’S Printed Name:** \_\_\_\_\_

## 2016 Mini-Urban Challenge Equipment Request

### First time schools:

You may request a LEGO® MINDSTORMS® EV3 kit and either an EV3 programming software license or a RobotC single user license.

### Returning schools:

If your school is adding a second team for the first time, you may request a LEGO® MINDSTORMS® EV3 kit and either an EV3 programming software license or a RobotC single user license.

### Other teams:

If your team has been using the LEGO® MINDSTORMS® Education EV3 programming software and you want to switch to RobotC, you may request a RobotC single user license.
